Dedicated to Helping the Homebound and Elderly

The Eagle-Tribune

To the Editor:

I would like to express my appreciation to the Salem Caregivers. This extraordinary organization of volunteers are such unsung heroes. I wonder if the community realizes just how this organization supports those of us who no longer drive by bringing us to doctor's appointments, shopping etc.

These people donate their time, which today is invaluable. They sit and wait until my appointments are over - sometimes two hours or more.

Many of us who are elderly no longer drive. Friends no longer drive because they are as old as I am. Family members live out of state. We just have no other way to get around to our appointments.

I really want the community to know just how important this service is. If you are looking to support a worthy cause, this is one to consider. Also, if you like people, want to be of help to them, like to drive and have some time to offer, I am sure the Care givers could use your help.

I am 93, have lived in Salem since 1969 and I am so blessed to be able to meet the wonderful helpers who make my life better.

Kay Pancioccco - Salem

Eagle Tribune - Letter to the Editor - August 29, 2018
