Maintain independence since 1989*

A Caregiver Greeting

As 2021 comes to an end, our best wishes and gratitude to you we send

The people you helped; how grateful they are – your care - your time - your help – for just being there!

One woman wrote, “Your Caregiver is the most patient, accommodating, dearest person I know”. Words like that make one’s heart glow!

The past year with the Covid, the masks, and the vaccine, it was one of the worst many of us have seen.

Hopefully as we approach the new year of twenty-two,

Things will be better for our world, our country and you

We wish you fun and fest, Happy New Year and all our best!

Sincerely,

Caregivers Board of Directors – Joyce - Dick
